Essie Justice Group harnesses the collective power of women with incarcerated loved ones.

PRIVATE AND CONFIDENTIAL

This survey is anonymous. Please do not write any names on this document.
**Why We're Fired Up**

Essie Justice Group is a sisterhood of women* with incarcerated loved ones who support each other. For a long time we've noticed a big problem: even though there are millions of us who have loved ones behind bars -- our personal and family experiences have never been collectively gathered. Never!

We are therefore inviting you to answer questions about the ways in which your loved one’s incarceration has impacted you.

*Our definition of women is expansive and includes anyone who identifies as a woman, including trans women, gender fluid and gender nonconforming people.
